

Correction in L. Costa et al., PLoS One 6,  
e29262, 2011

Diego Rybski

December 27, 2011

- Caption of Table 1 (page 5):

The values provided under \* are incorrect and must be:

\* Cumulative emissions necessary for development assuming  
an HDI threshold of 0.9 would range from 700 to 900 Gt CO<sub>2</sub>.

”700 to 900” instead of ”600 to 600”.
